Internship Certificate

This is to certify that Mr. Qiao Qiao, a student majoring in Electronic Science and Technology at Xi'an Jiaotong-Liverpool University (ID Card No.: 622102*********9616), completed an internship at Nuclover Technology (Beijing) Co., Ltd. from August 1, 2025 to August 31, 2025. As an R&D assistant in the R&D Department, Qiao Qiao's key responsibilities included:

1. Went through the onboarding training and gained an understanding of the company's operations and management structure.

2. Assisted in routine research and development tasks, such as prototype manufacturing, product testing, and process improvement.

3. Performing ad-hoc tasks assigned by supervisors, such as preparing technical reports, organizing project documentation, and coordinating with other departments.

Throughout the internship, Qiao Qiao demonstrated diligence, humility in seeking guidance, and strong analytical skills. He adapted quickly to assigned tasks, maintained excellent coordination with team members, and consistently delivered work of high quality on schedule. His performance was highly recognized by both colleagues and supervisors.

Hereby certified.
